601 NW 12th Avenue  
Pompano Beach, Florida 33069  
T: 954-781-4430  
F: 954-781-3595

**Maintenance Requirements**

Hardware on windows and doors must be cleaned, cleared of debris and lubricated semi-annually. Aluminum, glass and weather-stripping must be washed with mild soap solution and a soft rag every 3 months (no abrasive cleaners). Glass surfaces must be cleaned with a commercial cleaner and paper towels. Products installed within one (1) mile of high salinity areas or coastlines should perform the maintenance at half the intervals referred to above. Products installed on waterfront properties may require more frequent maintenance based on actual site conditions such as blowing sand or water spray. Assessment of maintenance and applicability shall be as determined by Florida's Best in sole discretion.
